

The History of the International Society of Arboriculture, Texas Chapter

Content Description

This document is presented in *Adobe Acrobat PDF®* “*image + hidden text*” format. As such, it fully supports the PDF “find” function within Acrobat. The most recent version of Adobe Reader (v6.0.1) is included on this CD and it’s many advanced features are available to the viewer of this document. These features include, but are not limited to:

• *search document by text-string* • *export text & graphics to other applications* • *printing of selected pages or selected portions of a page* • *customized viewing of content* • *navigation within the document via author-provided links, thumbnails and bookmarks*

Due to the inclusion of Adobe Reader on this CD, no other software or application will ever be necessary to view and interact with this document. For your convenience, a link to Adobe Reader on-line help is provided below.

Please note: the information on the “*Organizational Structure*” pages serves as a table of contents, document structure definition and relative hyperlinks. The viewer may click on the appropriate link to go directly to the desired page or chapter. In addition, all [blue underlined](#) text serves as a hyperlink to the indicated subject.

Acknowledgements

The publisher of this document wishes to acknowledge the endeavors of the current ISAT historian, Renee Burke-Brown (Urban Forester-City of Plano). It is due to her vision of creating a modern historical archive that this document came to exist. The current ISAT officers and directors also deserve special recognition for their approval and facilitation of this project.
